Exclusive: WORLD

This collection of essays, with special reference to Asia, analyzes religion through lived experience and reveals how religious phenomena are inextricably linked to globalizing processes.

"[V]ery stimulating with its interdisciplinary approach and its coverage of developments not well known to many scholars from the West. For those interested in broadening their horizons and learning about religious developments in the Asian region and how they relate to globalization, this volume will be important."
—James T. Richardson, *"Journal of Church and State"*

This collection of essays, with special reference to Asia, analyzes religion through lived experience and reveals how religious phenomena are inextricably linked to globalizing processes.
