A book that seeks to get a little bit closer to the truth of two hundred years of creating a liveable society in what was once a remote and unknown part of the world.

'Through an insightful exposition, James Jupp has provided a clear lens into the challenges of maintaining social cohesion through the government's immigration program, highlighting both successes and failures.'

—Suzanne D. Rutland, OAM, Professor Emerita, University of Sydney, Australia

'In this deeply informed and incisive book, James Jupp masterfully dissects Australia's historical immigration, multicultural and political experience and situates it in today's unstable world.'

—John Higley, Emeritus Professor, Australia & New Zealand Studies Center, University of Texas at Austin, USA

'An Immigrant Nation Seeks Cohesion' is based on years of studying and teaching Australian politics and an active interest and involvement in immigration and settlement policies since the 1950s. This was a period of mass immigration from Britain and Europe, organised and mainly subsidised by the British and Australian governments.
