Documents a period of exceptional global turmoil in intellectual, cultural, technological, and political spheres

“This is required reading for anyone who wants to catch our global, national, local vanishing present and to make sense of the alarming future. Politics, culture, the intellect, technology – Marder’s risk-taking interventions have embraced our struggles in these areas over the years. *Senses of Upheaval* allows us to see the principles holding them together.” –Gayatri Chakravorty Spivak, University Professor, Columbia University, US and educational/ecological activist

Spanning a decade of Michael Marder’s contributions as a public intellectual, *Senses of Upheaval* documents a period of exceptional global turmoil in intellectual, cultural, technological and political spheres.

Contents

A Sense of Upheaval; Part I. Political Upheaval; 1. Rating Sovereignty; 2. The Unfinished Collapse of the Soviet Union; 3. We, the Orphans of October; 4.
