RIGHTS

Exclusive: WORLD

Helps interpret the key trends in the post pandemic world including digitalization, geopolitics and the looming climate emergency to find career options that are likely to be future proof as well as deeply rewarding.

Learning to Fly: How to Manage Your Career in a Turbulent and Changing World offers a practical and tested framework with which to chart one's own path toward the future. The book will help interpret the key trends in the post-pandemic world including digitalization, geopolitics and the looming climate emergency to find career options that are likely to be future proof as well as deeply rewarding. The book is written for people who have left or lost their jobs as well as those who feel that what they are doing is either not satisfying at some fundamental level or is somehow at risk given the changes going on in the world.

Readership

People who work in business or are studying to be able to do so, those who are in the process of looking for a new job and those who are presently dissatisfied with their current position or career track.
