Description

The essential reference atlas for university students.

Simply the best atlas for students, Anthem's *Modern World University Atlas* is the essential reference resource for the contemporary world. This is the only student atlas with fully integrated study maps and other illustrations on: climate and the environment; geological processes; natural disasters; economic and social concerns; health and education; wealth and poverty; travel and tourism; population trends, and maps of the world's 18 greatest cities.

The *Modern World University Atlas* also benefits from clear, detailed and fresh political and physical digital colour maps of our world and stunning colour imagery of the Earth from space, study maps providing in-depth colour analysis of key regions and themes, a section on map-making, satellites and remote sensing, up-to-date social and economic statistics for every country of the world, a comprehensive, 16-page index of world place names and features, and a flags of the world display.

Readership: The *Modern World University Atlas* corresponds with international curricula for colleges and universities around the world.

Contents
